ASX ANNOUNCEMENT

11 MARCH 2008

RESIGNATION OF GEOLOGICAL DIRECTOR

Revere Mining Limited (Revere or the Company) (ASX: RVM) announces that Exploration Director, Mr Syd Morete, has resigned from his position as a Director and as Exploration Manager effective from 16 February 2008.

The Company thanks Mr Morete for his efforts during the IPO period and over the last 8 months. Mr Morete has been instrumental in the development of the intersecting lineaments theory at the project area and the identification of the Greater Revere Alteration Zone.

Mr Morete intends to follow other business opportunities. Mr Morete remains available to provide geological support to Revere's geological specialists in the near future. We wish him well for the future.

The development of the geological data, modelling, identification of anomalies and exploration program will be provided by Xserv Pty Ltd. Xserv are a highly regarded geological consultancy providing services covering geo-physics, geo-chemistry, target identification, resource definition, and exploration management with a proven track record managing and developing major geological projects. Xserv have been working with Revere for the last 5 months and we are delighted to have their personnel to take over the geological management of the Revere project areas.

Revere is in a strong financial position and has made significant progress on the establishment of base line geological data for the company's tenements. A separate announcement will be made detailing progress to date and plans for the next quarter.
